

On June 9th #HAVhope

A national day of awareness

American Hospital Association

HOSPITALS
AGAINST
VIOLENCE

Please join me and your colleagues on June 9 for #HAVhope Friday, an engaging and important luncheon event to support our Board of Trustees' inspired campaign to combat violence in the workplace and the community.

Our guest speaker, Dr. Selwyn Rogers, chief of trauma surgery and director of the University of Chicago Medicine's new trauma center, will speak about the epidemic of violence as an illness and how we can all contribute to making our communities a safer place to live and work. [Click here](#) to learn more about Dr. Rogers and his commitment to combating violence.

General Counsel Mindy Hatton has been working with a committed team of AHA colleagues since last fall to raise the hospital field's awareness of and engagement in combating community and workplace violence. This event provides a great opportunity to learn about and get involved in an AHA-wide campaign alongside and in support of our members and our communities.
